MEDIA RELEASE

DECEASED PERSON RECOVERED FROM LITTLE MIAMI RIVER

Anderson Township, June 14, 2013 – Chief Deputy Mark Schoonover, Hamilton County Sheriff's Office, reports the discovery of a deceased person found in the Little Miami River. At approximately 7:00 pm on Friday evening, two individuals who were fishing on the Little Miami River just north of the Beechmont Levy spotted a deceased individual in the water near the shoreline. Sheriff's Office and Anderson Township Fire Department personnel responded and confirmed the report. The body was removed from the water by fire department rescue personnel and was turned over to the Hamilton County Coroner's Office for identification and autopsy. Confirmation of the deceased individual's identity could not be made at the scene. However, the physical description of the recovered individual matched that of Otis Andrews who had gone missing upstream from that location on Tuesday evening. The Hamilton County Sheriff's Office Criminal Investigation Section and the Hamilton County Coroner's Office will continue to investigate this incident.
